**Orders are accepted in writing with payment enclosed to prevent confusion and any hard feelings.**

**Payment confirms your order**

Remember, we are **only guaranteed live delivery** of birds. Once picked up, the hatchery will not replace birds that die. Absolutely no guarantee of survivability, yield, or outcome due to varying husbandry practices and growing environments. Pick up dates may change due to weather (heat index). [You can find updates on our Facebook](#).

We run a farm and need to do evening chores in a timely manner as well as take care of our birds. [Please pick up your birds before 6 pm on the day of arrival & bring a box to bring your birds home.](#)
